Instructions for Completing an Affidavit of Repossession (Form T-16)

The following documents and fee(s) must be submitted <u>together</u> to either the Department of Revenue/Motor Vehicle Division, PO Box 740381, ATLANTA, GA 30374-0381, or to the applicable County Tag Office.

- <u>Title Application</u> Except for the signature(s), this form must be typed, electronically completed and printed or legibly hand-printed in blue or black ink in the current owner(s)' full legal name(s) reflecting their current address. The vehicle owner(s) must sign this completed application. If someone other than the owner(s) signs this application, a completed and signed Limited Power of Attorney (Form T-8) must be submitted.
- Title Document The current Georgia title must be submitted, if available. If the Georgia title is <u>not</u> available, the repossessor must obtain a Georgia title in their name first, unless the vehicle is exempt from the odometer disclosure requirements of the Federal Truth in Mileage Act.
 - If the Georgia title is <u>not</u> issued in the person's name from which the vehicle was repossessed, the title <u>must</u> be submitted properly assigned to that person.
 - If the current title is an <u>out-of-state</u> title, it <u>must</u> be submitted <u>or</u> the repossessor <u>must</u> secure a title in their name first from the state where the vehicle is currently titled.
 - If the repossessor is <u>not</u> recorded on the face of the title <u>or</u> in the title assignment as the lien or security interest holder, a copy of the contract between the repossessor and the party from whom the vehicle was repossessed must be submitted.
 - If the repossessor has sold the vehicle, the repossessor should complete the first title assignment transferring the ownership of the vehicle to the purchasing parties using the purchaser(s)' full legal name(s). A natural person's full legal name is his or her complete name as it appears on his or her valid Georgia driver's license or Georgia identification card. If the title is lost, the repossessor <u>must</u> obtain a title in their name from the state where the vehicle is currently titled <u>before</u> transferring ownership.
- 3. <u>Supporting Document(s)</u> An Affidavit of Repossession (Form T-16) must be completed and signed by the repossessor. An affidavit of repossession from another state is acceptable if it contains all of the required information and is signed by the repossessor with his or her signature notarized.
- 4. <u>Processing Fees</u> Pay all fees due (\$18.00 title fee plus any title penalty fee for late application) with cash or a certified check or money order payable to the office processing the application, Department of Revenue or Office of the Tax Commissioner. Please do <u>not</u> remit cash through the mail! If a title is <u>not</u> applied for within ninety-days (90) of the purchase date, a \$10 title penalty fee must be included in your payment.

Important: If the vehicle is "exempt" from the odometer disclosure requirements but is still required to be titled in Georgia but the Georgia title is unavailable, the repossessor is <u>not</u> required to obtain a title in their name. In this situation, the repossessor may give the purchaser(s) a bill of sale and a completed and signed Affidavit for a Repossessed Motor Vehicle (Form T-16). This exception only applies when there is a Georgia title on record.
